About Us

KAnalysis is a dynamic IP law firm that was established in 2007 as an IP research firm. Over the years of growth and expansion, we presently are a full service IP law firm.

Now, we are full-grown one-stop center for Intellectual Property related solutions with deep experience in a wide range of IP issues, including trademarks, trade dress, copyright, patents, designs, plant varieties / biodiversity, geographical indications, domain name, advertising (including comparative advertising), intermediary liability, data protection / privacy and misappropriation of trade secrets / confidential information.

We are known for our expertise in creating and developing IP advisory strategy to successfully create IP business environment for our clients. By drawing on the firm's experience across practice areas, we are able to provide holistic advice to our clients, tailored to the industries and regulatory environments within which they operate.

Our Data Privacy & Tech Laws Practice

Our firms Dispute Resolution team is highly esteemed for its robust capabilities, distinguished client-centric approach, strategic insights, & formidable representation in legal matters. We pride ourselves on our multi-dimensional approach in advocacy, innovative problem-solving methods, and unwavering commitment to securing the best possible resolutions for our clients while upholding legal standards.

Our team of advocates has a demonstrated history of successfully navigating complex IP, commercial, and other disputes. Each member brings substantial experience to the table, enabling us to provide formidable representation before courts and tribunals throughout the country. We offer expert guidance on risk management strategies, facilitate efficient dispute resolution, and deliver tailored solutions to intricate litigation matters that align with our client's specific business goals.

How can we help?

Data Privacy

- Providing consultation on the ramifications of data protection regulations for multinational corporations, taking into account their operational models and the type of data handled, stored, or gathered
- Ensuring regulatory compliances in accordance with DPDP Act, 2023, Information Technology Rules, 2021, etc
- Assisting in drafting privacy policies, disclaimers and website terms of use so as to ensure compliances under various Indian laws

Technology Laws

- Securing the necessary regulatory technology authorizations to conduct business activities within India
- Advising on complex legal issues that may arise for fintech companies including from licenses, regulatory compliances, IP portfolio management, etc
- Drafting and negotiating master service agreements, service level agreements, Technology Transfer agreements, software license and distribution agreements, software development agreements, etc
- Conducting due diligence and legal audit to identify and comply with various IT and other legal regulations

KAnalysis is known for its
transparency and innovative legal
solutions without frills
